III- Occupations:

- 1- Demonstrator in Pharmacognosy Department, Faculty of Pharmacy, Minia University, October 2003-April 2009.
- 2- Assistant Lecturer in Pharmacognosy Department, Faculty of Pharmacy, Minia University, April 2009 till now.

IV- Experience:

- **Teaching Experience:**

Participating in teaching the practical courses and laboratory tutorials of:

- 1- Pharmacognosy and Medicinal plants for first year students, Faculty of Pharmacy, Minia University, since 2003.
- 2- Pharmacognosy and Medicinal plants for second year students, Faculty of Pharmacy, Minia University, since 2003.
- 3- Phytochemistry for third year students, Faculty of Pharmacy, Minia University, since 2003.
- 4- Applied pharmacognosy (Chromatography and Spectral analysis of natural products) for fourth year students, Faculty of Pharmacy, Minia University, since 2004.
- 5- Phytotherapy for fourth year students, Faculty of Pharmacy, Minia University, since 2004.
- 6- Alternative medicine (elective course for fourth year students), Faculty of Pharmacy, Minia University, (2004-2007).
- 7- General Pharmacognosy for first semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2006.
- 8- Pharmacognosy (I) for second semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2007.
- 9- Pharmacognosy (II) for third semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2007.
- 10- Phytochemistry (I) for fourth semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2008.
- 11- Phytochemistry (II) for fifth semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2008.
- 12- Quality control of medicinal plants, for sixth semester students, clinical pharmacy programme, Faculty of Pharmacy, Minia University, since 2008.

- **Research and Practical Experience:**

- 1- Isolation of naturally occurring compounds using different chromatographic techniques such as thin layer chromatography, paper chromatography and column chromatography.

2- Structure elucidation of various groups of natural products such as Amaryllidaceae alkaloids, flavonoids, triterpenes, sterols, and phenolic compounds, etc. using different spectroscopic techniques including UV, IR, 1D and 2D NMR as well as different types of MS.

V- List of Publications:

- 1) "Antifouling alkaloids from *Crinum augustum* (Amaryllidaceae)". **J. Refaat**, A.A. Abdel-Lateff, M.S. Kamel., A.A. Ali, M.A. Ramadan, T. Okino and Y. Nogata, Pharmacognosy Research, Vol. 1, No. 2. (2009), pp.43-52.
- 2) "GC-MS studies of *Crinum asiaticum* L. leaves and flowers", **J. Refaat**, M.S. Kamel., M.A. Ramadan and A.A. Ali, Research Journal of Pharmacognosy and Phytochemistry, Vol. 3, No.5. (2011), pp.232-235.
- 3) "*Crinum*, an endless source of bioactive principles", A Review Article. **J. Refaat**, M.S. Kamel., M.A. Ramadan and A.A. Ali. Under publication.
- 4) "Analgesic, Anti-inflammatory and Antimicrobial activities of *Crinum augustum* Rox. and *Crinum asiaticum* L.", **J. Refaat**, M.S. Kamel., M.A. Ramadan and A.A. Ali. Under publication.
