THE CURRICULUM ATTENDED FOR THE DEGREE OF M.B.,B.CH.

The following are the subjects studied by the graduate:

Dr. / MOHAMED MAMDOUH ABDELRAHMAN ALI

First Year

(A) Human Anatomy (including Embryology and Biology):

- 1- Theoretical course of 88 lectures and demonstrations.
- 2- A course of practical dissection for 120 hours

(B) Physiology (including Biophysics And Physics):

- 1- Theoretical course of 80 lectures and demonstrations.
- 2- A practical course of 72 hours.

(C) Histology:

- 1- Theoretical course of 32 lectures and demonstrations.
- 2- A practical course of 60 hours.

(D) Biochemistry:

- 1- Theoretical course of 64 lectures and demonstrations.
- 2- A practical course of 60 hours.

(E) English Language:

Theoretical course of 32 lectures..

(2) SECOND YEAR

(A) Human Anatomy:

- 1- Theoretical course of 96 lectures and demonstrations.
- 2- A course of practical dissection for 120 hours

(The students during the first and second years must dissect a complete human body at least once in a satisfactory manner).

(B) Physiology:

Mahmoud K

Abd. R. R. Ali

- 1- Theoretical course of 60 lectures and demonstrations.
- 2- A practical course of 72 hours.

(C) Histology:

- 1- Theoretical course of 32 lectures and demonstrations.
- 2- A practical course of 60 hours.

(D) Biochemistry:

- 1- Theoretical course of 64 lectures and demonstrations.
- 2- A practical course of 60 hours.

(E) Psychology and Behavioral Humanistic Sciences:

Theoretical course of 24 lectures and demonstrations

(3) THIRD YEAR

(A) Parasitology:

- 1- Theoretical course of 48 lectures and demonstrations.
- 2- A practical course of 48 hours.
- 3- Study of the museum specimens for 24 hours.

(B) Bacteriology and Virology:

- 1- Theoretical course of 48 lectures and demonstrations.
- 2- A practical course of 60 hours.

(C) Pathology:

- 1- Theoretical course of 72 lectures and demonstrations.
- 2- A practical course of 64 hours.
- 3- Study of the museum specimens for 64 hours.
- 4- Attendance at post-mortem.

(D) Pharmacology & Dispensing:

- 1- Theoretical course of 72 lectures and demonstrations.
- 2- A practical course of 64 hours in pharmacology.
- 3- A practical course of 24 hours in dispensing

(E) Psychology and Behavioral Humanistic Sciences

Theoretical course of 24 lectures and demonstrations

(4) FOURTH YEAR

(A) Ophthalmology:

- 1- Theoretical course of 48 lectures and demonstrations.
- 2- Clinical course for 120 hours to study the various ways of eye examinations and the instruments used in ophthalmology.

(B) Forensic Medicine and Toxicology:

- 1- Theoretical course of 48 lectures and demonstrations.
- 2- Attendance of post-mortem examination of different medico-legal cases for 32 hours.
- 3- A practical course of 32 hours.

(C) Ear, Nose and Throat:

- 1- Theoretical course of 36 lectures and demonstrations.
- 2- Clinical course for 60 hours to study the various ways of examination of the ear, nose, and throat and the instrument used in Otolaryngology.

(D) Community Medicine including Biostatistics:

Theoretical course of 36 lectures. – Practical 60 hours

(5) FIFTH YEAR

(A) Medicine:

- 1- Theoretical course of 156 lectures and demonstrations.
- 2- Practical clinical studies in the different medical departments of the hospital at both the out-patient and the in-patient for 360 hours.
- 3- Attendance of the hospital. This includes:
 - Working as a clinical clerk for 4 months during the final year.
 - Attendance of clinical study and lectures of clinical medicine.
 - Hospital recognized by the faculty council.
- 4- A course in the following special subjects :
 - Cardiology and vascular diseases. – Chest disease.
 - Neurology. – Endocrinology.
 - Skin and Venereal diseases. – Fever and tropical disease.
 - Psychiatry. – Rheumatology.
 - Haematology and immunology. – Clinical Pathology.
 - Gastroenterology. – Physical and Natural Medicine.
 - Applied Pharmacology. – Radiology.
 - Emergency Medicine.

1- Theoretical course of 72 lectures and demonstrations.

2- 120 hours of Hospital attendance and clinical courses at both in-patient and out-patient.

(A)Gynecology and Obstetrics:

1- Theoretical course of 63 lectures and demonstrations in gynecology & obstetrics.

2- 120 hours of Hospital attendance and clinical courses at both in-patient and out-patient.

3-The student must perform attendance number of midwifery judged by the faculty council.

1- Theoretical course of 156 lectures and demonstrations.

1- Theoretical course of 156 lectures and demonstrations.
