<b>4<sup>th</sup> year</b> <i>Arch. dept</i> ,1997-1998	Very good (75%-85%) General order " second over Class"		over Class"
5 <sup>th</sup> year Arch. dept,1998-1999	Very good (75%-85%)	General order "second	over Class"
	Postgradue	ıte	
Postgraduate qualification (1)	Master of Science (MSc) pre	liminary courses. June 2001	
Institute	Architectural Department, Fa	aculty of Engineering, Minia	university, Egypt.
	Subjects' grades in the		
	Subject		Grade
Housing and city planning (1)			Good (65%-75%)
Housing and city planning (2)			<b>Distinction</b> (85%-100%)
Projects economics Projects economics			Pass (50%-65%)
Numerical analysis and computer applications		Good (65%-75%)	
Geography of cities (Optional course)		Good (65%-75%)	
Scientific English language			Good (65%-75%)

Postgraduate qualification (2)	Doctor of Philosophy (PhD). May 2011
Institute	Environmental Design of Buildings ( <i>EDoB</i> ) research unit, Dundee School of Architecture, University of Dundee, Scotland, UK
PhD thesis title	Evaluating and enhancing design for natural ventilation in walk-up public housing blocks in the Egyptian desert climatic design region.

## Profession:

From 2011 till now	<b>Assistant professor</b> , Architectural department, Faculty of Engineering, Minia University, Egypt.
From 2018 till now	<b>Director of quality and accreditation unit,</b> El Minya Higher Institute For Engineering and Technology, New El Minya city, Egypt
2007 - 2011	<b>Member of PhD scholarship</b> (Fully funded by the Egyptian Ministry of Higher education) to Dundee School of Architecture, University of Dundee, Scotland, UK
2001 - 2007	<b>Demonstrator</b> , Architectural department, Faculty of Engineering, Minia University, Egypt.

## Personal Skills

	General software	◆ All previous and latest versions of windows operating systems + ICDL holder	◊Very good
		◆ Microsoft Word with all previous and latest versions	◊ Excellent
		◆ Microsoft Excel with all previous and latest versions	◊ Excellent
		◆ Microsoft Power Point with all previous and latest versions	◊ Excellent
		◆ Microsoft Access with all previous and latest versions	∅ Good
		♦ Internet User	◊ Excellent
	Architectural software	◆ AutoCAD program with all previous and latest versions.	◊ Excellent
COMPUTER SKILLS:		◆ Adobe Photoshop program	♦ Very good
		♦ Google Sketchup	♦ Very good
		♦ 3D Home	∅ Good
		♦ Autodesk Ecotect whole building analysis package	◊ Excellent
		◆ HTB2 thermal simulation software	♦ Very good
	Environmental	◆ IES building design package	♦ Very good
	design software	◆ FloVent Computational Fluid Dynamics software ( <i>CFD</i> )	◊ Excellent
		◆ Meteonorm software for generating weather files	◊ Excellent
		◆ Autodesk Weather tool software	◊ Excellent
	Statistical software	◆ SPSS with all previous and latest versions	◊Very good
English language :		<b>Excellent</b> in reading, writing and speaking + IELTS with grad 2007) + Living in the UK for four years (2007-2011)	le 6.0 (January

## Research Experience

	<ul> <li>Environmental design of buildings and challenges facing its application;</li> <li>Thermal comfort &amp; Energy efficiency in hot climates;</li> </ul>
Research interests:	◆ Natural ventilation as a passive cooling strategy;
Rescarementerests.	♦ Buildings' monitoring; and
	◆ Computational Fluid Dynamics (CFD) modelling and simulation.
	♦ Risk analysis and Environmental control

### Teaching Experience

- 1. Assistant lecturer at faculty of industrial education Bani-Swiff, Egypt for two semesters from 1999 to 2000. assist in teaching the following courses:
  - ♦ Architectural design,
  - ♦ Façades finishing materials, and
  - ♦ Working drawings
- 2. Assistant lecturer at Architectural Department, Faculty of Engineering, Minia University, Egypt for 11 semesters from 2001 to 2006. assist in teaching the following courses:
  - ♦ Architectural design,
  - Building executive supervision,
  - ♦ Working drawings,
  - ♦ Town &site planning,
  - ♦ Regional planning, and
  - ♦ AutoCAD program.
- 3. Assistant lecturer at Dundee School of Architecture, University of Dundee, UK for 4 academic years from 2007 to 2011. assist in teaching the following courses:
  - ♦ Environmental Design of Building (EDoB) Lab
  - ♦ Building simulation (Ecotect software)
- 4. Assistant professor at Architectural Department, Faculty of Engineering, Minia University from 2011 till now. Teaching the following courses:
  - ♦ Working drawings and design (Undergraduate),
  - ♦ Architectural design (Undergraduate),
  - ♦ Building physics "Acoustics and lighting" (Undergraduate),
  - ◆ Environment & Climate course (Undergraduate), and

### Teaching Work:

- Environmental design elective course (Postgraduate).
- 5. Assistant professor at High institute of engineering and technology, Minia industrial state, Minia, Egypt (1day/week) 1 semester from <u>09/2011 to 12/2011</u>. Teaching the following courses:
  - ♦ Environmental control,
  - ♦ Building construction.
- 6. Assistant professor at Architectural department, Aswan Faculty of Engineering, South valley University, Aswan, Egypt (1day/week) 1 semester from 02/2012 to 06/2012. Teaching the following courses:
  - ◆ Environmental design and climatology,
  - ♦ Architectural design.

### Practice Experience

- 1. Working as trainee at "Engineering and soil research consultancy office" Sohag, 1995: 1997;
- 2. Working as trainee at "The Arab contractors company" during summer holidays, 1996: 1999;
- 3. Working as a junior Architect at "APRD consultancy office", Cairo: 08/99: 02/00
  - ◆ Architectural regeneration for "The Indonesian culture center ground floor and façade at Mosadak St. Doky Cairo";
  - ♦ Some resedintial buildings in Cairo and Sohag cities.
- 4. Working as technical office's engineer at "one of Egyptian army construction Companies", Cairo ... <u>1/2000: 3/2001</u>.
- 5. Working as a senior Architect and executive manager at "Arab Germany home for architecture and planning DAHAP", Minia ... 03/01: 04/07.
  - ◆ Architectural design for " Packing and freezing potatoes' factory in New Al-Minya City";
  - ◆ Architectural design for "Oil and ensilage factory in New Al-Minya City";
  - ◆ Architectural design for "Kamar AL-dawlla Abd El-Mota`l mosque in New Al-Minya City";
  - ◆ Architecture design for "Shopping centre at the central area of the housing association compound in New Al-Minya City";
  - ◆ Landscape & Architectural design for "The River side police club in Al-Minya City":
  - ◆ Landscape & Architectural design for "The police solders campus at the eastern desert motorway, Al- Minya";
  - ♦ Landscape design for "Aviation club in New Al-Minya City";
  - ♦ Architecture design for about "30 residential villas in New Al-Minya City"; and
  - ◆ Architecture design for "4 High rise residential apartments' blocks in Al-Minya Samalout Abo korkas and Bhera cities ".
- 6. Working as the team executive manager in the project of the strategic planning of 5 villages (Shosha Eltiba Sedhom Elroby Elsalam) Samalout, Al-Minya, Egypt.... 4/2005 9/2005
- 7. Working as an architectural consultant at "The Engineering consultancy unit, Faculty of Engineering, Minia University, Egypt" ... <u>05/2006 till now</u>
  - ◆ Senior designer in the Architectural design of the faculty of Literature, Minia University, Egypt. (2006) ..... [3500 m² \* 5 Floors with cost 30 million Egyptian pounds at that time]
  - ◆ Architectural redesign for "Central kitchen of Bani-Mazar Hospital, Bani-Mazar city, Egypt"; (2011) ..... [Cost 700 thousand Egyptian pounds at that

Architecture design & Site management practice work:

#### time]

- ◆ Architectural redesign for "Blood bank of Bani-Mazar Hospital, Bani-Mazar city, Egypt"; (2011) ..... [Cost 200 thousand Egyptian pounds at that time]
- ◆ Architectural design and site consultant for "Dar Oloom Faculty, Minia University campus, Minia, Egypt" (2013) ..... [7500 m² \* 5 Floors with cost 120 million Egyptian pounds]
- ◆ Architectural design for "University's community serving centre (Educational, commercial and administrative), Taha Husien st., Minia, Egypt" (2013 progress) ..... [4000 m² \* 12 Floors with expected cost 200 million Egyptian pounds]
- ◆ Architectural design and site consultant for "Minia Olympic Stadium, Minia, Egypt" (2014) ..... [Expected cost 300 million Egyptian pounds]
- ◆ Architectural design for "Main building of Minia University Water supply station, Minia, Egypt" (2015) ..... [Expected cost 7 million Egyptian pounds]
- ◆ Architectural design and site consultant for "Faculty of science laboratories new building, Minia University campus, Minia, Egypt" (2019) ..... [2000 m² \* 4 Floors with cost around 40 million Egyptian pounds]
- ◆ Architectural design and site consultant for "Distinct academic programs educational building, Minia University campus, Minia, Egypt" (2020) ..... [3000 m² \* 5 Floors with cost around 80 million Egyptian pounds]
- ◆ Architectural site consultant for many Minia University projects (Male students' resident, Female students' resident, Faculty of nursing building, Faculty of kindergarten lectures theatres building, New University hospital buildings) (2011 till now) ..... [Expected cost 300 million Egyptian pounds]
- 8. A partner and senior Architect in "Minia Engineering Consultant Group (MECG), Egypt" ... <u>05/2011 till now</u>
  - ◆ Architectural design and consultant team manager in many residential villas and apartment blocks within Minia, Sohag and Cairo cities (2011 till now)
  - ◆ Architectural design of fence and landscape, in addition to consultancy team manager in "Higher institute of assistant medical science project, El-Kawthar district, Sohag, Egypt" (2013 2014) ..... [1250 m² \* 5 Floors with cost 8.5 million Egyptian pounds]
  - ◆ Architectural design for "Grand mall and wedding hall project, City st, Sohag, Egypt" (2014) ..... [3000 m² \* 2 Floors with cost 10 million Egyptian pounds]

  - ♦ Architectural design in co-operation with Chemonics Egypt consultants for "Municipal solid waste recycling and treatment plant, Tuna El-Gabal, Minya,

- Egypt "(2020) ..... [45840 m<sup>2</sup> with cost 90 million Egyptian pounds]
- ◆ Architectural design in co-operation with Chemonics Egypt, COWI, BC-Berlin, Germany for "Mechanical Biological treatment plant, Motobus, Kafr El-Sheikh gov., Egypt " (2021) ..... [41962 m² with cost 60 million Egyptian pounds]

### **Attended Conferences and Seminars**

- ◆ Context analysis (The first step to building design) Tamer Gado Dundee School of Architecture 20th of September 2007.
- ♦ Learning from reality (Case studies) lecture Tamer Gado Dundee School of Architecture 4th of October 2007.
- ◆ Space structure and skin lecture Neil Burford Dundee School of Architecture 4th of October 2007.
- Natural Ventilation Design with CFD online seminar Christopher Wark, Flomerics Inc 28th of November 2007.
- ♦ Lighting techniques and model testing lecture Tamer Gado Dundee School of Architecture 19th of February 2008.
- ♦ How can we integrate sustainable housing and regeneration? A Scottish Centre for regeneration master class and practice event Edinburgh international conference centre Edinburgh UK 28th of February 2008.
- ◆ Experiencing the transfer procedure and discussion Mady Mohammed Dundee School of Architecture PhD Base 2nd of April 2008.
- ◆ Balancing the Ventilation and Acoustic Requirements for a School Classroom Web Seminar September 2008 Flomerics Inc.
- ♦ Challenges for Intelligent Buildings in the 21st Century Prof. Derek Croome Thursday 4th December 2008 Lecture theatre: 5018 Dundee School of Architecture.
- ♦ Energy heritage Sustainable energy and historic Scottish housing Nicolas Heath 27th January 2009 Lecture theatre: 5018 Dundee School of Architecture.
- ♦ Finding my way Lesley McIntyre 28th January 2009 PhD students' seminars series Dundee School of Architecture.
- ♦ Could walking be architecture? A discussion of the contribution of creative walking to urbanism/ruralism Ian Ruaraidh Harrison 11th February 2009 PhD students' seminars series Dundee School of Architecture.
- ◆ Demonstration Projects: Focus on insulation and damp-proofing in buildings Scottish construction centre 18th February 2009 Sanderson Building University of Edinburgh.
- ◆ Adapting Buildings and Cities for Climate Change: Adapting for 3 degrees of climate change − Prof. Sue Roaf − 27-04-2009 − The Dalhouise Building 2S13 − University of Dundee.
- ♦ Benchmarking Sustainable Communities It all depends on what you mean by Sustainable Communities Prof. Sue Roaf 27-04-2009 The Dalhouise Building 2S13 University of Dundee.
- ♦ Adapting to future climates Network for Comfort and Energy Use in Buildings (NCEUB) autumn meeting 08-09-09 Martin Hall in New College located on the Mound Edinburgh
- ♦ Simulating & Optimizing Pressure Drop Chris Watson and David Smith -14-10-09 Web Seminar Mentor Graphics Inc.
- ♦ Adapting Buildings and Cities for Climate Change: Adapting for 3 degrees of climate change − Prof. Sue Roaf − 15-10-2009 − The Dalhouise Building 3F01 LT3 − University of Dundee.
- ◆ Creating nature in built form Aidan Williams 25th November 2009 PhD students' seminars series Dundee School of Architecture.

### **Attended Training Courses**

- ◆ Profession ethics Faculty and Leadership Development project (FLDP) Faculty and leadership development centre Minia University Egypt from 30<sup>th</sup> of November to 1<sup>st</sup> of December 2004.
