

Amrou Mamdouh Abdeen Shaaban

☒ Personal Details

- ☒ First name : Amrou
- ☒ Middle names : Mamdouh Abdeen
- ☒ Last name (Family or Surname): Shaaban
 - ✓ D. O. B: 01/ 02 / 1977
 - ✓ Nationality: Egyptian
 - ✓ Marital Status: Married and have two kids
 - ✓ Telephone: Mobile: 0096598024891, 00201141060399
 - ✓ E-mail: genzo_2010@yahoo.com
 - ✓ Nationality: Egyption
 - ✓ Military Service: Finished
 - ✓ Languages: Arabic, English

☒ Current post

- Senoir Specialist Medical Oncology, Kuwait Cancer Control Centre

☒ Previous posts

- Lecturer Clinical Oncology, Faculty of Medicine, El-Minia University.
- Consultant Clinical Oncology, Minia Oncology Centre.
- Consultant Clinical Oncology, Minia Military Hospital Oncology Centre.
- Consultant Clinical Oncology, Mallawi General Hospital Oncology Clinic.
- Clinical research fellow, GIT research department, Mount Vernon Cancer Centre, London, UK from 14/08/2008 to 12/10/2010.
- Assistant lecturer Clinical Oncology, Faculty of Medicine, El-Minia University Hospital, Egypt from 31/05/2006 to 14/08/2008.
- Senior House Office Clinical Oncology Department, Faculty of Medicine, El-Minia University Hospital, Egypt, 28/02/2002 to 30/05/2006.
- House Officer in El-Minia University Hospital, Faculty of Medicine, Egypt, 1/01/2001- 27/02/2001.

☒ Qualifications

- M.D Clinical Oncology, Minia University, 2012 composed of exams in pathology, research design, statistics, medicine, surgical oncology plus the main course exam in clinical oncology. It also contains MD exams in Surgical Oncology and Internal Medicine Exam as well.
- FRCR (fellowship Of The Royal College Of Radiologists), Part 1, March 2010.
- M Sc. Clinical Oncology, Minia University, 2006.
- M.B.B.ch: Faculty of medicine, Minia University, December 2000 (Very Good).
- High school diploma (basic education): Military High School, Mallawi, Minia, Egypt (1991-1994)
- Profesional Lisence: Egyptian Ministry of Health full registration no.: 146604-11/03/2002

☒ Clinical Experience

I received my undergraduate and part of my postgraduate training at Minia University Hospital, which are 800 bedded. It is located in Minia and serves a population of about 2 millions. Between 01/03/01 & 28/02/02 I completed my pre-registration HO training.

In March 02, I have been offered a residency training post at Minia University Hospital which *800 bedded teaching hospital and is serving a major part of Upper Egypt population*. There are cardiothoracic, neurosurgery, paediatric, Vascular, plastic, and oncology units. This is backed by up to date Laboratory, Diagnostic (CT) & interventional Radiology and Nuclear Medicine departments. **Plus that**, part of my training was received in Minia Oncology Centre which 100 bedded highly specialized centre in cancer management with surgery, chemotherapy & radiotherapy. It receives about 4000 new cancer case every year. As a registrar I gained good experience in managing cancer cases with chemotherapy and radiotherapy.

In Oct. 2005, I defended my M.Sc.thesis. It was a retrospective study of breast cancer cases in minia oncology center. It was an evaluation of about 900 case of breast cancer that represent our patient that attended to our centre in three years. **In Dec.2005**, I passed my .M.Sc. exam.

In May. 2006, I have been offered an upgradeable permanent post as an assistant lecturer in Clinical Oncology Department at Minia University Hospital in Minia.

In August 2008, I was granted a 2 year fellowship to UK as a part of my MD research project. I did a 2 year of clinical and research training under Dr Rob Glynne Jones Supervision in GIT department in Mount Vernon Cancer Centre based in north london.

Mount Vernon Cancer Centre is considered one of the top five centres in UK. My supervising consultant was the chair of anal cancer in whole UK and his research department participates in major trials in gastrointestinal malignancies in Europe like ACT II Trial. During this time I rotated in different hospital clinics and get contact with staff like Peter Hoskin, Professor Rustin...etc, attended many oncology course plus skilled course in pain management. I participated in many publications with many of them see light and published. I got the opportunity to do 1st part of FRCR which is composed of (Cancer Biology that gives me clear knowledge of mechanisms of tumour resistance and mechanism of action of targeted therapies, I studied also Cancer Pharmacology, Physics and Research Statistics).

In Kuwait, I worked at GIT Medical Oncology Unit which consolidate my knowledge of gastrointestinal malignancies. I joined GIT Medical Oncology Unit from September 2013 till now. In our unit we follow most up to date oncology evidence based protocols.

☒ Research and publications

1. "Retrospective study of breast cancer cases in Minia Oncology Centre". M.Sc.thesis, published by the university library.

2. "The impact of pre-treatment haemoglobin and tumour length on disease free survival and local recurrence in rectal cancers treated with pre-operative chemoradiotherapy"

Shaaban A1, Khan AA1, Klonizakis M2, Mawdsley S1, Anyamene N1, Denton A1, Hughes R1, Harrison M1, Glynne-Jones R1
1Centre for Cancer Treatment, Mount Vernon Hospital, Northwood, Middlesex, HA6 2RN United Kingdom
2School of Health and Social Care, University of Lincoln, Lincoln, Lincolnshire, LN6 7TS, United Kingdom
Poster Display, ESMO 12TH, BARCELONA, 2010.

3. "Is there an optimal timing of surgery after long course neoadjuvant chemoradiotherapy for low rectal cancers – fact or fiction!"

Khan*, A. Shabaan, S. Mawdsley, N. Anyamene, A. Denton, R. Huges, M. Harrison, , R. Glynne-Jones
Mount Vernon Cancer Treatment and Research Centre, Northwood, Hertfordshire, UK
Poster Display, European Colorectal Congress 2011, St. Gallen.

4."The prognostic role of localised lymph node metastasis expressed as 'Lymph node Ratio' in rectal cancers – Old dog new tricks!"

A. Khan*, A. Shabaan, M. Harrison, S. Mawdsley, R. Glynne-Jones
Mount Vernon Cancer Treatment and Research Centre, Northwood, Hertfordshire, UK
Presented at Associated of Surgeons of Great Britain and Ireland 9-11 May 2012

5."The role of pre-treatment haemoglobin levels in predicting morphometric characteristics of tumour and response to neoadjuvant treatment in patients with rectal cancers".

Aftab Khan*1, Amrou Shabaan1, Markos Klonizakis2, Rob Glynne-Jones1
1Mount Vernon Cancer Treatment And Research Center, UK, 2Faculty of Health and Social Sciences, University of Lincoln, UK
Poster accepted for European Society of Coloproctology 7th Scientific and annual meeting, Venna,Austuria September 2012.

6. Association between pretreatment haemoglobin levels and morphometric characteristics of the tumour, response to neoadjuvant treatment and long-term outcomes in patients with locally advanced rectal cancers

A. A. Khan*, M. Klonizakis†, A. Shabaan, and R. Glynne-Jones*

*Department of Gastrointestinal Research, Mount Vernon Cancer Treatment and Research Centre, London, UK, †School of Health and Social Care,

3 University of Lincoln, Brayford Pool, UK and ‡Department of Clinical Oncology, Minia University Hospital, Al-Minia, Egypt

Received 17 October 2012; accepted 23 January 2013.

7. Primary Sjögren's syndrome and B-non-Hodgkin lymphoma: role of CD4+ T lymphocytopenia

Faten Ismail, Amel Mahmoud, Hisham Abdelhaleem, Amro Mamdoh, M. Geneidy, Enas Kamal. Rheumatol Int. 2013 Apr;33(4):1021-5. doi: 10.1007/s00296-012-2464-7. Epub 2012 Aug 12. 2012

8- Presentation and outcomes of Hepatocellular carcinoma in the Arabian Peninsula: A Review of Single institution Experience in the sorafenib era

A.Shaaban, R.Salamah, Y.Abo Elseud, A.Mohanty, J.Albarrak. Journal of Gastrointestinal Cancer Dec 2019 doi: 10.1007/s12029-019-00341-7

9- Saftey and Tolerability of regorafnib: A real -life experience

Youssif Abo Elseud, Amro Shaaban, Asit Mohanty, Jasem Albarrak, World Congress GI ESMO 2020.

☒ Courses attended

1. Infection Control Training Workshop, January 13-16, 2007, Faculty Of Medicine, Minia University.
2. Brachytherapy Course, 4-5 February 2010 held by Royal College Of Radiologists, St James's Institute Of Oncolog, Leeds, United Kingdom.
3. Applied Thera/peutics for Palliative Medicine - A Course for Doctors (6 day course one day every month 15 th January 2010 - 16th June 2010. Held at St Joseph's Hospice, Hackney, London.
4. Essential Communication Skills- Times to listen, 10-03-2010, Mount Vernon Cancer Centre, London , United Kingdom.
5. FRCR Cardiff Course Part II, 8th-11th Septemper 2010, Valindre Cancer Centre, Cardiff, United Kingdom plus oncology course attended in Cantaberry on March 2010.
6. Advanced Cardiac Life Support (ACLS) , 14-15/09/2013 by American Heart Association , Kuwait plus Basic Life Support Course attended twice on 2013 and 2016.
7. Clinical Research Methods and Evidence-Based Medicine Skills Workshop , February 16th. - 20th. And March 2nd - 5th., 2014. Course held by consultation & Training Office, faculty Of Medicine , Kuwait University.

☒ Conferences Attended

1. The NCRI National Colorectal Trials Meeting, 16th March 2009, Royal College Of Physicians, Conference Centre at church House, Westminster, London, United Kingdom.
2. Skin Cancer Cancer Study Day, 24th June 2009, Mount Vernon Cancer Centre, London , United Kingdom.
3. The 2nd BTOG Small Cell Lung Cancer (SCLC) Study Day, 12th November 2009, held by Royal College Of Physicians, Hilton Paddington Hotel, London, United Kingdom.
4. Upper Gastrointestinal Malignancies Meeting, 19th November 2009 held at Knebworth house, Stevenage, United Kingdom
5. The NCRI National Colorectal Trials Meeting, 8th March 2010, Royal College Of Physicians, Regent's Park, London
6. Gastrointestinal Malignancies Study Day, 12-03-2010, Mount Vernon Cancer Centre, London , United Kingdom.
7. Palliative Care For Cancer Patients Study Day 1, 25-03-2010, Mount Vernon Cancer Centre, London , United Kingdom.
8. Lung Cancer Study Day, 26-05-2010, Mount Vernon Cancer Centre, London , United Kingdom.
9. UK Cancer Convention (Focus On Breast) held at Royal Institute Of British Architects, 24th June 2010, London, United Kingdom.
10. ESMO, 12th. World Congress On Gastrointestinal Cancer, 30 June - July 2010, Barcelona , Spain.
11. The 3rd BTOG Small Cell Lung Cancer (SCLC) Study Day, 17th September 2010 held by Royal College Of Physicians, Hilton Paddington Hotel, London, United Kingdom
12. Hematological Malignancies and Bone Marrow Transplantation Conference, 15th. - 17th. March 2014 – Kuwait

13. Kuwait Derma Update and Laser Symposium V 2014, 28-30/ April 2014.
14. GI CALL " New Directions In Managment Of Gastrointestinal Cancers, Marrakech 4-6 September 2014.
15. ESMO 39 , Madrid, Spain , 26th -29th September 2014.
16. Excemed Evidence based medicine in metastatic colorectal cancer workshop, 17th & 18th October 2014, Dubai.
17. Oncology Master Class, Hungery, Bodapast, March 2015.
18. UCL (University College Of London) Oncology Training Programme, 18-20 April 2015, London, United Kingdom.
19. 2015 ASCO Annual Meeting Chicago, Illinois May 29, 2015 - June 2, 2015.
20. Oncology awareness day in KISR [Kuwait Instituate Of Scientific Research 19-10-2015.
21. The 7th Workshop on Colo-Rectal Cancer Surgery, 14th – 18th February 2016, Kuwait.
22. Annual Oncology Conference, Best Of Oncology, Assuit University, 23-26/02/2016, Luxor, Egypt.
23. Kuwait International Immuno-Oncology Conference, 12th – 13th March 2016- Kuwait.
24. Colorectal Cancer Masterclass, Istanbul, April – 2016.

SKILLS

1. IELTS (Academic Version) ,Overall Band Score 7.
2. ICDL (International Computer Driving Licence) , Syllabus Version 4.0, 16/01/2008

Academic and Teaching Experience

As a member of a team in faculty of medicine, Minia University I am responsible for the day-to-day teaching of junior colleagues and students.

☒ Leisure Interest

My main hoppy is travelling. I am also interested in reading political and historical books. I enjoy football and table tennis.
