2. Other Institutional Affiliations:	Faculty of Medicine - Minia University – Egypt

EXPERIENCE:

My overall experience is over 18 years, with 7 years post MD:

In Obstetrics:

- My core training was in Egypt in Minia University Hospital (the tertiary referral hospital serving a Governorate of over 5 million population with annual delivery rate up to 15,000/year) where I managed many uncommon complications whether antenatal or intra/postpartum.
- Good experience in emergency obstetrics: all deliveries including abnormal presentations, Caesarean sections (emergency or elective, at full dilatation, for extreme prematurely or for placenta praevia), vaginal breech delivery, twin delivery, performing internal podalic version for second twin, ventouse and forceps deliveries, shoulder dystocia..
- Management of Obstetric emergencies such as severe pre-eclampsia, eclampsia, major obstetric haemorrhage, shoulder dystocia.
- Cervical cerclage, and fetal surveillance including CTG interpretation, biophysical profile.
- Antenatal care for high risk pregnancies including medical disorders complicating pregnancy.
- Management of 3rd & 4th degree perineal tears and genital tract lacerations including uterine rupture, scar dehiscence.

- Caesarean hysterectomy, B Lynch Suture.
- Management of 3rd stage and its complications, and puerperium.

In Gynaecology:

- Management of emergency gynecological cases including abnormal vaginal bleeding, acute ovarian conditions as well as acute abdomen.
- Abdominal hysterectomy, vaginal hysterectomy, vaginal repair operations (anterior and posterior colporrhaphy), Diagnostic/operative laparoscopies and many laparotomies.
- Management of ectopic pregnancy whether conservatively or surgically.
- Office hysteroscopy and Diagnostic hysteroscopy and some operative hysteroscopic procedures (lysis of intrauterine adhesions and removal of uterine septum).
- Laparoscopic: oophrectomy, salpingectomy, adhesiolysis, sterilization, ovarian drilling, treatment of ectopic (salpingostomy, salpingectomy), ovarian cystectomy.
- Great experience in diagnosis and management of all cases of infertility.
- Good Experience in assisted reproductive technologies such as IUI ,ICSI and IVF

CURRENT INSTITUTIONAL RESPONSIBILITIES:

CLINICAL CARE:

Cosultant, OB/GYN Department, El Minia Universty Maternity and pediatric hospital , El Minia Universty , Egypt , performing the whole spectrum of clinical service as follows:
